

Problem-Solving Design Process Comparisons

SREB Design Process	Engineering Design Process	Trouble-shooting Process	Web Design Process	Nursing Process	Life Cycle Design	Business Methodology	Scientific Method	Our Daily Lives
Ask/Inquire	Identifying the problem	Diagnose the Problem	Initialization	Assess	Define Requirements	Define	Question	Issue and Disruption
Imagine				Diagnosis		Measure	Research	Identify & Weigh Options
Plan	Relevant Information	Find Possible Solutions	Visualization	Planning	Design	Analyze	Hypothesis	Sketch Plan A, B, C
Create	Conceptualization	Take Action	Implementation	Intervention	Build	Develop	Test	Execute
Experiment/ Evaluate	Evaluation and Analysis	Evaluate and Analyze	Verification	Evaluate	Test			
Improve			Gratification	Report	Implementation	Analyze	Reflect	
Communicate	Implementation	Deliver Final Product			Evolution	Deliver	Communicate	Grow
